

The 1991 Northern
Flight Championships.

Burton Constable Hall

Range Master: Mr S Snow

October 6th 1991

The weather for the NCAS we all agreed perfect. The shoot was held at the hall (or rather on the park adjacent) by permission of the owner, Mr J Chichester-Constable and the tenant farmer, who 'pastures' his cattle and sheep thereon. The groundwork, measuring and laying out the ground was done by members of Burton Constable Company of Bowmen and a few volunteers, usually competitors. This includes the setting up of an electric fence some 6 or 700 yards long and herding the livestock, usually they are very reluctant, to stay behind it. If records keep increasing, we shall soon need a new venue, particularly for the class B and C entries. As it is, Class A (target bow) now need a minimum length of 575 yards, including the space behind the shooting line, To think that this distance was the actual goal in the late 60's

Flight – Class B

Ladies:

	Yds	ft	ins
Mrs Y Webster (Burton Constable)	512	1	9
Mrs A Webster (Burton Constable)	396	0	5
Mrs M Thorley (Burton Constable)	369	2	3
