Judges Information Update April 2013

Quick Reference Cards

John Cunningham a Regional judge from Cheshire has kindly given me permission to publish a series of quick reference cards he has written. The information contained on the cards relates primarily to target and clout ranges and the items that you should be checking during your inspection prior to the tournament starting.

If you are going to print off the information it may be worthwhile laminating the paper, if you have access to a laminator, so as to prevent them getting damp and the ink running.

National Judge Committee

Following the GNAS AGM on the 20th April the make-up of the National committee has changed quite considerably.

Andy Pointon stepped down as the Chair of the Judges committee after serving two terms in the position and Hannah Brown was elected as the new chair. Graham Potts was elected as Chair of the Rules Committee which means he has had to resign his position on the Judge committee. For those of you who attended the conference in February you will know that Peter Fairbrother also stood down from the committee with effect from the AGM.

Both Graham and Peter will still have strong links to the committee as Peter will still continue to run the website, and Graham as Chair of Rules will work closely with the judge committee on "Rules and Interpretations".

Judges Information Update

To fill these vacancies three judges have been co-opted on to the Committee and these are:

Liz Garrigan SAA
Tony Goad WMAS
Robert Potts SCAS

October Seminar

I have been asked to judge at a field shoot in October which clashes with the seminar so I am looking for someone to host the seminar in my place. If anyone would like to do this then please contact me and let me know and I will sort out the details with you.

I am also looking for ideas on what to cover at the seminar, so if you have any specific topics you want covered let me know. I would also welcome offers from any of you who would like to do a presentation.

World Archery Judges News Letter

The latest World Archery Judges Newsletter is now available. To have a look go to www.archery.org, then Organisation, then Judges, then Documents, then Judges Newsletters and select the one you want to download.

As usual there are Case Studies included at the end of the letter which are always worth a look to get the brain working.
