Judges Information Update December 2013

Indoor Scoring

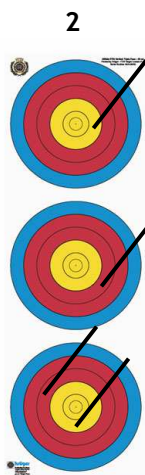

In last month's update I set you all a few indoor scoring questions, and promised to publish the answers this month.

Can I thank those of you who sent in their answers, some of which I managed to reply to, but not all unfortunately.

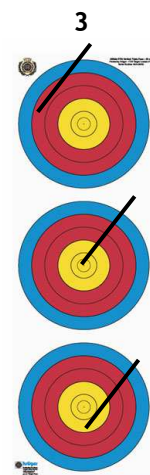

To remind you what the questions were I have reproduced them below, with the answers, and most importantly the procedure for attaining those answers under them.

All arrows shot in time

Last arrow shot out of time

Last arrow shot out of time

Q1.

1. Calculate the value of each individual arrow

Top Face = 8
Middle Face = 9 - 7
Bottom Face = -

2. Where there is more than one arrow in a target face the lowest value is taken, the other arrows are recorded as misses

Top Face = 8
Middle Face = ~~9~~ M - 7
Bottom Face = -

3. Determine scoring order

8 - 7 - M

4. Record the 3 lowest arrow values

8 - 7 - M

Judges Information Update

- For each arrow shot out of time you need to strike out the highest scoring value and mark it as a miss. The original value must be recorded in case there is an appeal, which if upheld will reinstate the original value.

Q2.

- Calculate the value of each individual arrow

Top Face = 9
Middle Face = 8
Bottom Face = 9 - 8

- Where there is more than one arrow in a target face the lowest value is taken, the other arrows are recorded as misses

Top Face = 9
Middle Face = 8
Bottom Face = ~~9~~ M - 8

- Determine scoring order

9 - 8 - 8 - M

- Record the 3 lowest arrow values

8 - 8 - M

- For each arrow shot out of time you need to strike out the highest scoring value and mark it as a miss. The original value must be recorded in case there is an appeal, which if upheld will reinstate the original value.

~~8~~ M - 8 - M

Q3.

- Calculate the value of each individual arrow

Top Face = 7
Middle Face = 10
Bottom Face = 9

- Where there is more than one arrow in a target face the lowest value is taken, the other arrows are recorded as misses

Top Face = 7
Middle Face = 10
Bottom Face = 9

- Determine scoring order

10 - 9 - 7

- Record the 3 lowest arrow values

10 - 9 - 7

- For each arrow shot out of time you need to strike out the highest scoring value and mark it as a miss. The original value must be recorded in case there is an appeal, which if upheld will reinstate the original value.

Judges Information Update

10 M - 9 - 7

World Archery

The latest issue of the World Archery judge's newsletter was published in December and can be downloaded from the usual address for those of you interested. As usual there are a number of what if questions at the end of the new letter which are worth having a go at answering.

National Judge Re-Assessment Exam

As I had been informing you all on a regular basis through most of last year the re-assessment exam for National judges was published in late December. The exam has to be completed and returned by the 19th January. As with previous re-assessment exams failure to complete it will mean automatic demotion to Regional judge status. The paper can be downloaded from the GNAS Judges website by anyone, so if you fancy having a go, download it.

I have arranged a meeting for the regions National judges to attend and discuss the paper, this will be held at Assheton Bowmen on Saturday 11th January from 12 noon.

Judge National Conference

The closing date for the judges national conference is fast approaching on the 18th January, so if any of you are considering attending now is the time to send in your applications.

2014

We are now in a new year so I would like to take this opportunity to thank you all for your hard work during 2013 and wish you all a very happy new year.
