Judges Information Update December 2014

New Year

This newsletter is a little later than usual because of the festive holidays which I hope you all enjoyed as much as I did and which has subsequently put me a week or so behind.

I hope the coming year will be one you will enjoy and that you all achieve any personal goals you might have set for yourselves, whether they be archery related or not.

New Judge

In December we had our final application of the year for Candidate Judge.

This was from Sharon Tideswell of Durham & Northumberland Archery Society who is also a member of Norton Archers. Sharon has been registered and sent the usual welcome pack. As normal we wish her a long and happy career in the NCAS judging fraternity.

Judges National Conference

There are still a number of accommodation places available for anyone wishing to attend the conference for the full weekend, however if you prefer you can just attend on a day to day basis. The invitation form is available for download on the Judges section of the AGB website.

The agenda for the conference is listed below.
